

Pasco High School - College and Career News

Welcome to the 2019/2020 school year and the first edition of the

PHS College/Career Center Newsletter!

I hope that everyone had a fun and restful summer! When Mrs. Kadlub approached me about putting together this newsletter for students and parents, my wheels started turning. I must be honest, it has become extremely difficult to reach all of the students on our campus and keep them motivated to think of life after high school. So many of them are thinking of today: the next football game, test, homework assignment, weekend.

Every year my goal is to visit the English classes and introduce myself, letting them know how I can help and what they should be focused on in their particular grade. And every year I see the same pattern from seniors, I don't know what to do, how to do it, or where to go....

Let me introduce myself to you. My name is Mignon Edwards and I am a graduate of PHS. I have three boys who took different paths to get to where they are today. So when you come to me with questions or concerns, believe me when I tell you that I have seen and lived it all.

I plan to visit the English Classes, so ask your students if they've met me. I also will host Lunch and Learns for students who would like to work on scholarships, resumes, etc. My office is always open, students just need a pass.

What can you, as parents, contribute to this? Questions, concerns, anything you would like to know about navigating the college and career path. There's no one right way, just the way your student would like to go.

I look forward to hearing from you all. Let's work together to prepare our students for their next chapter. It's not too early or late to begin!!

Sincerely

Mignon Edwards
